EDUCATION

Boston University Questrom School of Business | Boston, MA

May 2027

Bachelor of Science in Business Administration – Finance Concentration

Minor in Computer Science | College of Arts and Sciences

GPA: 3.45/4

OBJECTIVE STATEMENT

- Motivated business major with a minor in computer science seeking internship opportunities to apply a blend of analytical, technological, and business management skills. Eager to contribute to innovative projects, improve operational efficiency, and leverage technical knowledge to solve complex business challenges in a dynamic organization.

SKILLS

- Intermediate proficiency in Spanish & Korean
- Financial Modeling Expertise: Built dynamic DCF, LBO, and M&A models to project company valuations and deal outcomes
- Valuation & Investment Analysis: Conducted comparables, precedent transactions, and sensitivity analysis to assess market trends
- Excel & VBA Automation: Designed macros and scenario tools for real-time financial projections
- Proficient in Java/Python/C/HTML/CSS
- Familiar with Git, version control management, agile environments, and software development methodologies
- Strong communicator
- Effective problem-solver

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Boston University Stock Trading Club – Member | Boston, MA

September 2023 - Present

- Analyzed financial markets and researched stocks, bonds, and other investment vehicles to make informed trading decisions based on market trends, company performance, and economic indicators
- Collaborated with club members to discuss and debate trading strategies, portfolio management techniques, and investment opportunities
- Monitored stock performance and tracked investment outcomes using real-time trading platforms, applying fundamental and technical analysis to optimize portfolio returns
- Developed trading strategies by analyzing market data and economic trends, learning to manage risk and make calculated investment decisions

Boston University Finance & Investments Club – Junior Analyst | Boston, MA

September 2024 - Present

- Conducted due diligence on technology, media and telecommunications sector stocks, creating stock pitches for companies in the software and semiconductors industries
- Pitched investment opportunities by evaluating risks, competitive positioning, and market strengths using financial reports and industry benchmarks

Boston University Financial Modeling – Member | Boston, MA

January 2025 - Present

- Built a 3-statement financial model, integrating income statement, balance sheet, and cash flow statement.
- Developed DCF valuation models to project future cash flows and determine intrinsic value.
- Conducted M&A accretion/dilution analysis to assess the impact of acquisitions on EPS.
- Modeled Leveraged Buyouts (LBOs), calculating IRR, debt repayment schedules, and financial returns.
- Applied Modern Portfolio Theory (MPT) to optimize investment portfolios and assess risk-return trade-offs.
- Implemented Black-Scholes pricing model for options valuation and analyzed forwards & futures contracts.

WORK EXPERIENCE

BeProduct – Market Research Analyst | Remote

June 2025 - August 2025

- Conducted competitive research on leading email marketing software companies to support strategic decision-making in SaaS product development
- Authored detailed research papers and created professional Powerpoints outlining key competitors, pricing models, feature comparisons, and UX strengths/weaknesses
- Evaluated marketing automation trends and user engagement tools to identify potential integrations and differentiation strategies for BeProduct
- Collaborated with executive leadership (CEO/founder) to present findings and provide recommendations for product roadmap adjustments

Edgewood Country Club – Head Lifeguard | Rivervale, NJ

July 2022 - August 2025

- Supervised and trained a team of lifeguards, ensuring adherence to safety protocols and a hospitable experience to members by accommodating their requests, including setting up poolside amenities, managing cleanliness, and providing attentive, personalized service to enhance their overall experience

Sofia Restaurant – Busser | Englewood, NJ

June 2025 - August 2025

- Maintained fast-paced service in a high-end dining environment by resetting tables, restocking supplies, and coordinating with servers and kitchen staff to ensure seamless guest turnover and satisfaction during peak hours
- Supported overall front-of-house operations by upholding cleanliness standards, assisting with customer requests, and responding quickly to team needs, contributing to a smooth and professional dining experience
